

## MANIFESTS

Department-licensed non hazardous waste transporters may either use manifests provided by the Department or use, after receiving Department review and approval of the same, alternate manifests. Alternate manifests must meet the minimum requirements in Rule as listed in Chapter 411, Section 6(A)(1).

Return this form with your license application to indicate your preference for manifests and to order manifest forms.

☐ Check here if you will be using Alternative manifest forms. You must submit a copy of your proposed alternative manifest with the license application for Department approval.

☐ Check here if you will be exempt from manifests because you haul only Category 'B' Waste (Chapter 411, Section 6(B)(2)).

☐ Check here if you are requesting an exemption from manifests. In order to be exempt you must provide information pursuant to Chapter 411, Section 6(D). Requests for exemption to manifests must be received and approved prior to transportation of subject wastes.
